Work Experience

Aug 2012 – Present	Co-founder of SassyBot Studio. Responsible for game design, game development, asset production and creative endeavours.
Sept 2012 – Jan 2013	Over this period I was hired as a teaching assistant for two days a week at the International Game Architecture & Design course at NHTV in Breda. During this time it was common for me to take over certain classes. The contract was not extended due to budget cuts.
Feb 2012 – June 2012	This period I was doing my internship at Philips Research where I was part of a 2 man team responsible for setting up and executing a research project about the interaction with light in mixed reality environments.
Sept 2011 – Jan 2012	In this period I was in charge of leading a 10 man team in developing an educational game for BP as part of a 14 week school project.
Jan 2010 – Present time	Professional freelance VJ artist under the collaborative name of 'Me and My Lawyer'.
Jan 2008 – Aug 2009	Otolift, Bergambacht. Mechanic.
